

# AFTER SUFFERING TEN YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

MARLTON, N.J.—I feel that Lydia E. Pinkham's Vegetable Compound has given me new life. I suffered for ten years with serious female troubles, inflammation, ulceration, indigestion, nervousness, and could not sleep. Doctors gave me up, as they said my troubles were chronic. I was in despair, and did not care whether I lived or died, when I read about Lydia E. Pinkham's Vegetable Compound; so I began to take it, and am well again and relieved of all my suffering. —Mrs. G. Jones, Box 40, Marlton, N.J.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics, harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham Laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

## AND ABOUT WESTERY

### Deacon Wilcox Completes Twenty Years as Sunday School Superintendent—Counsel for Oliver E. Gavitt Files Notice of Appeal—Leander Bliven Fatally Injured—Big Insurance Carried on Hope Valley Plant—Geo. H. Melville's Death.

Improvements are in progress in the Western public library, which will be especially appreciated by those who seek books of reference. All the books that were in the eight large double stacks in the room adjoining the reading room have been removed to stacks in the room in the rear, and the empty stacks are to be taken into the larger room of the gymnasium, and be filled with books that are not in constant demand. Then this vacant space, after the catalogue drawers and counters are swung around and connected with the receiving platform, will be converted into a reference room with all reference books in the library close at hand.

This change will not only be of greater accommodation to the patrons of the library, but will give the librarian and assistants more working space.

The time is not far in the future when the Public Library and Memorial building will be devoted entirely to library purposes, and that the museum and auxiliary will be transferred to a new building, which is made possible by munificence of the late Mr. and Mrs. Stephen Wilcox. The trustees of the estate are not confining their efforts to the improvement of the library, but also in making Wilcox's last contribution among the beautiful spots of New England.

Granite cutters in Western learn that a conference between committees of the Granite Manufacturers' association and the Paving Canners' union, in Concord, N. H., an agreement was reached on the new bill of prices which went into effect for two years last Saturday, and to continue for two years. Under the old bill the paving cutters received from \$17 to \$22 per thousand, according to size, and the new bill ranges from \$17.50 to \$23.50.

Deacon Oliver Wilcox has been re-elected superintendent of the First Baptist Sunday school. He has completed twenty-one successive years in that office, a longer period of service than any of his predecessors.

At the annual meeting the officers were elected: Ethan Wilcox, superintendent; Lorenzo D. Chace, assistant superintendent; E. K. Kenna, secretary; Miss Eleanor M. Pierce, enrollment secretary; Mrs. Morton A. Webster, historian; Miss Daisy H. Kenson, pianist; Miss Mary E. Edmond, primary department assistant; Miss Daisy H. Peabody, cradle roll superintendent; Mrs. Kate C. Bamford, home department superintendent.

John D. Nichols declined re-election as treasurer, and he was given a unanimous vote of thanks in appreciation of his past service. The office of treasurer will be filled at the next meeting.

Attorney A. T. L. Ledwith, counsel for Oliver E. Gavitt, has filed notice of his intention to appeal from the decision of the Third district court in which the liquor seized in the Martin house pharmacy were declared forfeited to the state. The chief witnesses in this case were two young men of Ashaway, Spencer and Rodman, age 21 and 19 respectively, who with Detective Chief, Eccleston, also of Ashaway, sampled the liquor which, it is alleged, the young detectives purchased in the Martin house pharmacy. During the testimony of these Hawkins, it was stated that they had purchased in the liquor, and the other because of stores of Western and for the purpose of prosecution.

Both young men, under oath, testified that they were not in the habit of drinking whiskey, and in connection with this case they had purchased and consumed the liquor, and appeared for the prosecution for the first time in court, and that for the two "sales" they claimed to have effected they received \$5 each.

Capt. John J. Richards of Troop C has preferred charges of unofficerlike conduct and making false returns in the range scores of his company, and charges relating to the disposition of state property, against Capt. Walter E. Harrington of the Fourth company, coast artillery, and state range officer. The charges have created quite a stir in state military circles.

The list of charges includes allegations that Captain Harrington allowed men who were not members of his company to shoot with his company, and counted their scores in his company records; that he allowed men who were not connected with the Rhode Island national guard to use the state ammunition; that he furnished the adjutant general's office with summaries that were incorrect and false; and that he as range officer awarded his own command the governor's trophy when he had specifically agreed that because of his position as range officer he would not allow his company to compete for the trophy.

The fact that Harrington's command held the place of range officer has caused so much friction that the militia law which was last week passed by the general assembly provides that no law officer shall be range officer in the future.

After many delays caused by the high wind storms success has been finally achieved in laying a cable connecting Fishers Island with the mainland. The cable, for the special use of the life saving stations, The link is regarded as an important one in the telephone system of the Third life saving station district, for it brings the lonely station on the western shore of the east harbor at Fishers Island into direct communication with the other stations of the district along the coast of the mainland in this state, so that messages may be sent and help summoned regardless of the weather conditions.

The coast from the entrance of Long Island sound to the mouth of Narragansett bay is regarded by the terrors of the sea as one of the most dangerous along the Atlantic seaboard. It is a marine graveyard in which the remains of numberless vessels have been
